Please note that our platform and invoicing currency is USD. However, it is possible to send payments in **any** currency to the xChange bank account stated on the invoices.

In case of non-USD payments, we recommend using common foreign exchange rate conversion tools (e.g., Wise) to convert your non-USD currency payment amounts to the current USD-equivalent amount (= amount on the xChange invoice) at the day of your bank transfer. The xChange Payments team will check whether the paid amount covers the outstanding USD amount and might get back to you if that is not the case.

Most importantly, please **always** include the invoice number(s) as payment reference.

Payment checklist for customers

- Always include xChange invoice numbers in your payment references
- Remitting party needs to bear the cost of the bank transfer (= OUR payment fee option)
- In case of non-USD payments, please use customary foreign exchange rate converter tools to convert to an appropriate USD equivalent amount (as invoiced) on the day of the transfer
- Contact payments@container-xchange.com in case of questions. We are here to help!
